This is played through the verse

[VERSE 1]

```
Em                 D                   C
   Just like I predicted, We're at the point of no return
Em           D                  C
   We can go backwards, and no corners have been turned.
Em           D           C
   I can't control it, if I sink or if I swim
Em                    D             C
   'cause I chose the water that I'm in.
```

[BRIDGE]

```
                    D                       C
And it makes no difference who is right or wrong
                             D
I deserve much more than this
Em              C
'Cause there's only one thing I want
```

[CHORUS]

```
        Em              C
If it's not what you're made of
        G                 D
You're not what I'm looking for
        Em          C      G         D
You where willing but unable to give me anymore
            Em               C                    G           D
There's no way, You're changing, cause somethings will just never be mine,
          Em   D    C...
You're not love this time ... but it's allright.
```

[VERSE 2]

```
Em           D                 C
   I hear you talking, but your words don't mean a thing.
Em           D           C
   I doubt you ever put your heart into anything.
Em              D             C
   It's not much to ask for, to get back what I put in,
Em              D             C
   But I chose the waters that I'm in.
```

[BRIDGE]

```
                    D                       C
And it makes no difference who is right or wrong
                         D
I deserve much more than this
```

```
Em                        C
'Cause there's only one thing I want

[CHORUS]
        Em              C
If it's not what you're made of
         G              D
You're not what I'm looking for
         Em         C      G         D
You where willing but unable to give me anymore
              Em              C                   G           D
There's no way, You're changing, cause somethings will just never be mine,
           Em    D    C...
You're not love this time ... but it's allright.

[MID 8]
Em                  C           B
  What's your definition of the one
Em                  C           B
  What you really want him to become?
Em                  C                       B
  No matter what I sacrifice it's still never enough

Em                  D
  Just like I predicted
          C
  I will sink before I swim
Em                       D               C
  'cause these are the waters that I'm in

[CHORUS]
        Em              C
If it's not what you're made of
         G              D
You're not what I'm looking for
         Em         C      G         D
You where willing but unable to give me anymore
              Em              C                   G           D
There's no way, You're changing, cause somethings will just never be mine,
           Em    D    C...
You're not love this time
           Em    D    C...
You're not love this time
           Em    D    C...
You're not love this time
```
