

# Dagens teori 2

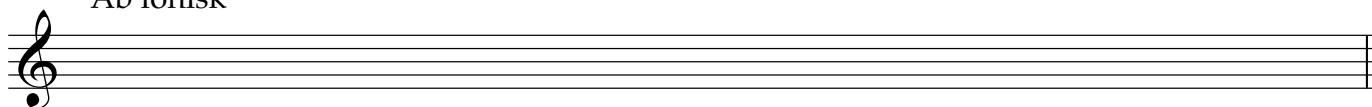

## Modale skalaer - ionisk, dorisk, lydisk, mixolydisk, æolisk

Notér de følgende skalaer. Du skal benytte de passende faste fortegn (svarende til dur/mol-skalaen) samt nødvendige løse fortegn.

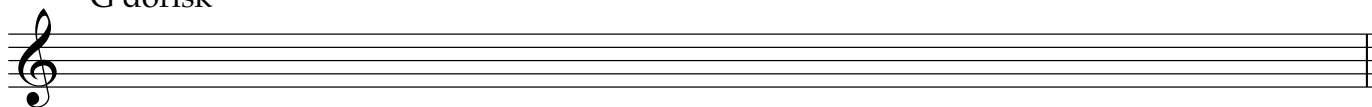

G æolisk

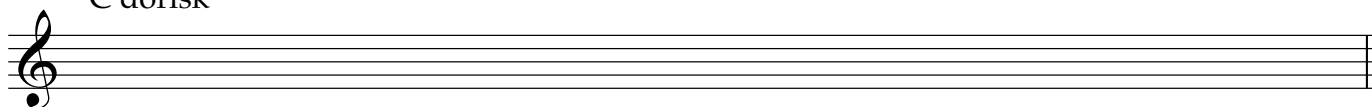

A $\flat$  ionisk

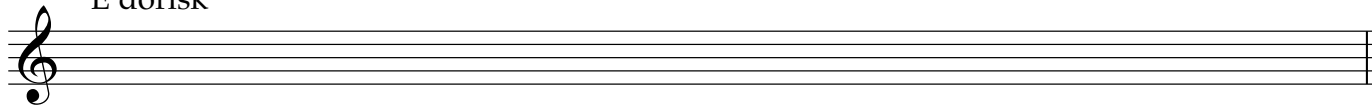

G dorisk

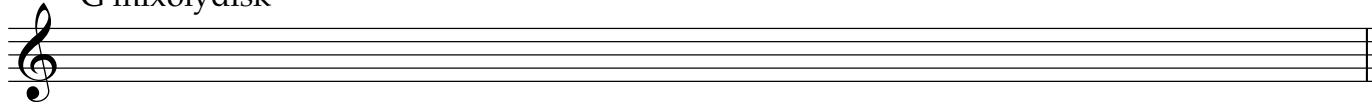

C dorisk

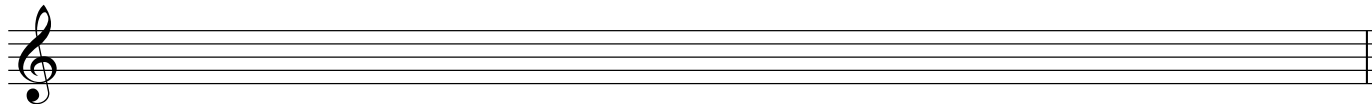

E dorisk

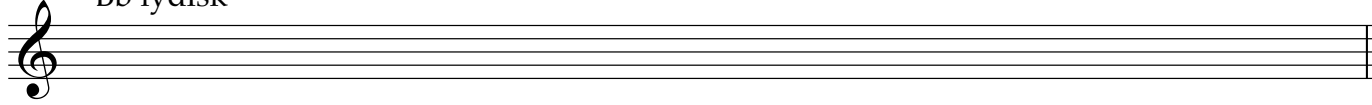

G mixolydisk

F mixolydisk

B $\flat$  lydisk

G lydisk
